The following is an examiner's statement of reasons for allowance:

Prior art teaches the recovery of waste polymers comprising the addition of virgin polymers, additives, fillers, pigments, etc. No prior art teaches or fairly suggests mixing and melting pulverized waste plastic containing non-plastic foreign materials with light-shielding components comprising a white pigment, a colored pigments, a black pigment or combination thereof such that the relationship between lightness and light transmittance before reaction is $(C \times D) > 4000$ and after reaction is $1300 < \text{or} = (A \times B) < \text{or} = 4000$.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should
